21/151	<p>Public Participation:</p> <p>a) The police report had been received for October and was summarised by the Chair. It was RESOLVED that future reports should be circulated to all councillors.</p> <p>b) It was noted that Cllrs. Bingham and Battye were expected to arrive and so this item should be moved to later in the meeting.</p> <p>c) A member of the public from Gatebeck was in attendance to draw the councils attention to the fact that the 20mph speed limit in Gatebeck was largely being ignored by motorists. He thanked the council for assisting in getting it installed but now requested that the council assist in ensuring that motorists adhere to the limit. The police had been contacted but had not responded. It was noted that there were no 20mph signs at the entrance/exit to Gatebeck Industrial Estate and it was suggested that more signs or road marking were needed. It was also noted that it was thought that there should be markings outside the cottages in Gatebeck to stop traffic being right up to the doors of these properties.</p> <p>Cllr. Bingham entered the meeting It was noted that employers at Gatebeck Industrial Estate were talking to their employees regarding speeding in the village. It was RESOLVED to ask Cumbria County Council to provide the details of the original scheme and to email the member of the public with a copy of any responses received. 	<p>Cllr. Winter offered some background information regarding this application. It was noted that there did not seem to be any disabled access and that 6 parking spaces may not be enough given the expansion plans.</p> <p>It was noted that there had been objections from two neighbours and that other businesses on the Industrial Estate had strict hours imposed on them and that to set a precedent of longer hours with this business may encourage others to follow.</p> <p>It was RESOLVED that there were no objections in principle, however, the council had concerns about the suitability of the site (having children on and industrial estate), the possibility of a further 60-70 cars per day passing through the area and the dangers of setting a precedent for increased hours.</p>
